

ARREST 14 PLOTTERS AND LEARN OF PLAN TO LAND REBEL FORCE

Preparations Were Being Made To Land Forces On Catalan Coast

PLOTTERS CONFESS TO IT

Their Plan Was to Seize the Strategic Points In Barcelona

(By Frank Gervasi)
(I. N. S. Staff Correspondent)
BARCELONA, Jan. 16.—(INS)—With the arrest and confession of 14 plotters, preparations for landing of a big rebel force on the Catalan coast was uncovered today, the loyalist press asserted.

The "surveillance brigade," the military secret police, unearthed the scheme, charging the plotters planned to seize strategic points in Barcelona, holding them until relieved by the landing force.

ROME, Jan. 16.—(INS)—Italy again is considering landing a smashing expeditionary force of marines and infantry in Catalonia to crush Barcelona, it was authoritatively reported today.

Unless Leftist France and the Soviet Union speedily fall into line with Britain and effectively bar volunteers for Spanish service, Italy's bellicose scheme may be adopted.

While Italy and Germany are satisfied that Rebel Generalissimo Francisco Franco has sufficient foreign assistance now to override the Loyalists, Col. Gen. Herman Wilhelm Goering and Premier Benito Mussolini, in their conversations here reportedly have determined an open intervention in Spain if Bolshevik assistance for Madrid-Valencia continues.

Italy since the opening weeks of the Spanish war has been reported to have stationed troops and a huge air armada on Majorca, largest of the Balearic Islands, within easy flying distance of the Catalan coast, although Italy has officially denied any designs on the Balearics.

HATBORO SCHOOL DIST' IS AWARDED VERDICT

For Full Amount of \$3,803.35, Asked From Warminster School District

WINS TWICE IN 2 YEARS

DOYLESTOWN, Jan. 16.—The second verdict within two years was received by the school district of the borough of Hatboro, against the same defendant, school district of Warminster Township, in civil court here yesterday.

The verdict was for the awarding of the full amount asked by the plaintiff, Hatboro school district, the sum being \$3,803.35.

The jury deliberated only five minutes in the case.

The sum involves \$3,300 and interest, which Hatboro school district sought to recover, claiming such was due for tuition and transportation of 22 pupils from Warminster to the Hatboro high school during the past several years.

A similar suit was tried two years ago with the same plaintiff and the same defendant, in which Hatboro school district received a favorable verdict. The defendant admitted in court that Warminster did not have a high school, and that the nearest high school was in Hatboro. The defendant had contended the charges of the plaintiff were exorbitant.

Civil court adjourned yesterday at four o'clock. There will be a session of miscellaneous court on Monday.

82-YEAR-OLD TULLYTOWN WOMAN HAS HER FIRST PERMANENT WAVE; MUCH PLEASED WITH HER NEW HAIR-BOB; LOOKS FORWARD TO RIDE IN AIRPLANE

Mrs. Mercy K. Harvison Keeps Young by Interest in The Affairs of The Day

CARES FOR HOUSE

One 82-Years Young is Very Fond of "Movies;" Makes Quilts, Pillow-Covers

TULLYTOWN, Jan. 16.—Eighty-two years young, pleased with her first permanent wave, having a passion for the "movies," and fond of ice cream and candy!

This is Mrs. Mercy K. Harvison, of Brown street and Fallington Road.

The grand old lady of Tullytown begins her age in appearance and activity, and when the beautician commenced to give Mrs. Harvison her first permanent wave in Trenton, N. J., this week, she stated she was unable to find any gray hairs.

"Yes, I like my wave, and I think the heat did my head good, for I had been bothered with pains since I fell down stairs a few years ago, and these have eased now," stated Mrs. Harvison in telling of her experience today.

"My daughter and grand-daughter urged me to get the wave. I hadn't given such a thing any thought. I had it done on the spur of the moment you might say. I don't usually think things over very long. You see my hair was long, but thin. It reached to my waist. But when I tried to arrange a knot it pulled my scalp so. My scalp has been tender since my fall, and now with the weight and strain removed, I feel ever so much better."

"Did you ever have any other type of wave?" Mrs. Harvison was asked. "Only once," she replied. "A few years ago I was going to attend a wedding, and I had the front of my hair waved for that occasion."

The octogenarian (Mrs. Harvison will be 82 on March 15th) recalled that when a child she did not have her hair curled. "I wore my hair in two long plaits down my back. My father was proud of my hair, it was so long and thick then. But my plaits actually gave me a head-ache. So one day my cousins cut them off for me and arranged my hair in a net so my father wouldn't know what had been done. Well, one day, some time later, my sister became provoked at me over a little matter, and quickly pulled my net off right in front of my father. He said that whoever had cut my plaits should be arrested. But I didn't care, as the others received the blame."

BILL PROVIDES STATE PAYMENT OF DAMAGES

Introduced Into State Legislature; Regarding Highway Widening

BUCKMAN BACKS IT

SOUTH LANGHORNE, Jan. 16.—Senator Clarence J. Buckman, Langhorne, has introduced into the Pennsylvania Legislature a bill providing for the state to pay for all property damage in the proposed widening of the Lincoln Highway through this borough.

It is expected that the present route of the highway through this borough will be widened in conformity with the portion from City Line to Morrisville within the near future. The bill introduced by Senator Buckman is to care for damages entailed by the project.

This news is welcome to residents of the section as the subject of widening the highway here has been under discussion for three years.

During the past summer, a group of South Langhorne citizens interested in the widening of the present Lincoln Highway in the borough, called on the Senator to secure his advice and support in this matter and at that time the Senator told the committee that there was only one alternative, and that was legislation to provide for same must be passed at the next legislature of 1937.

Senator Buckman last week at Harrisburg introduced the first bill of the session and that was for the legislation necessary to widen a State Highway in a borough permitting the State to pay property damage.

Just as soon as the bill is passed and made a law, the State Highway Department will no doubt do the rest.

Yardley's One Officer Spends Night in Cell

TRENTON, N. J., Jan. 16.—Chief of Police Thomas J. South, of Yardley, after spending the night in a cell at police headquarters here, pleaded guilty when arraigned before Judge Duch in Police Court on a charge of operating a car while drunk. Sentence was deferred until January 27.

Meanwhile, Chief South's constituents in Yardley, who only learned this morning that the town had been without police protection throughout the night, were reviving the controversy which has involved the borough's only police officer since last Summer and caused the resignation of two councilmen. South was ousted several months ago in an economy move and also because residents complained he was not available when wanted. He was later reinstated and last week his reappointment for the coming year again drew opposition of members of Borough Council.

Mayor Chester Wetzstein, of Yardley, said he had no authority to suspend South, and any action would have to be taken by the police committee of borough council, headed by Mahlon B. Knowles.

South was taken into custody at Calhoun and Humboldt streets, after his car had figured in a crash, police say, with a machine driven by Samuel Barritta, 105 Lanning avenue, Pennington, on Calhoun street, near Pashley avenue. South, it is declared, continued on after the mishap, but was forced to the curb by Arthur Stern, of East Orange.

6320 BOYS IN PUBLIC SCHOOLS ARE STUDYING FARM PROBLEMS

HARRISBURG, Jan. 16.—More than 6,000 boys enrolled in the secondary schools of Pennsylvania are becoming practical farmers by carrying out projects in the raising of livestock, fruit, flowers, and grain, as well as by engaging in various other types of practical farm work. The 6,230 students enrolled in these agriculture courses, according to Superintendent of Public Instruction Lester K. Ade, last year sold products valued at almost \$1,000,000 and made a profit for themselves of \$296,525.

Most popular agricultural projects are gardening and trucking in which some 2,000 boys are participating. They have under cultivation more than 500 acres. Another popular project is the raising of poultry, in which approximately 1,000 boys are taking part in raising 175,000 birds. Last year the farm boys in the schools of Pennsylvania sold 290,000 pounds of broilers, and in addition kept 82,000 pullets and cockerels for stock. They likewise disposed of 244,000 dozen eggs. Swine is an activity that has interested over 500

COUNTY RELIEF LOAD LOWERED TO 354 CASES

1,364 Persons Included For Week Ending January 2nd; Give Comparison

TABULATION GIVEN

During the week of January 2, continuous increase in the number of continuous increase in the number of families on the relief rolls in Bucks County which has been experienced for the past few weeks. At the end of the week there were 354 cases consisting of 1,364 persons on the rolls as compared with 362 cases or 1,392 persons at the end of the previous week, or a net weekly decrease of 8 cases, leaving the caseload practically unchanged.

A comparison of the relief statistics for the past two weeks is given in the following summary tabulation. It may be noted that the changes shown during the past week were chiefly a result of the closing of cases due to employment on Works Projects, in contrast to the previous weeks when the WPA has had little effect on the relief rolls. In fact, outside of these closings due to WPA, little activity was evidenced in the removal of cases due to reasons such as employment in private industry, increasing earnings, resources, etc.

Cases Closed	Week Ending Jan. 2 Dec. 26
1. Assignment to Works Projects	28 7
2. Employment in private industry	4 12
3. Other reasons (resources, increased earnings, etc.)	1 3
Total Closings	33 22
Cases Opened	Week Ending Jan. 2 Dec. 26
1. Loss of WPA employment	4 4
2. Loss of private employment	17 22
3. Other reasons (CCC, reduced earnings, exhaustion of resources, etc.)	4 4
Total Openings	25 30

Along with the increase in the number of cases, it is observed that during the past few months there has been a slight increase in the average number of persons per family. This would indicate that the number of persons

CHARM MARCHES ON

Congress has broadcast its annual lowdown on the identity of those whom popular love or something has blessed with outstanding salaries for catering to their fellowmen in 1935; and lo! Mae West's name all but leads all the rest with \$480,833. William Randolph Hearst has contrived to keep ahead of her by a paltry \$20,000. Frau Marlene (Legs) Dietrich naturally appears well up in the running, easily taking fifth place from the field which includes quite a number of Hollywood's chosen people. In fact, most entertainment fans will scan the list to see how soon they can come on the name of their favorite in the way of a beauty, crooner, gossip or other purveyor of the greatest pleasure to the greatest number.

It may well gratify Mr. Hearst, therefore, that in such select company of charm, he still ranks highest as a personal cash register. Miss West in turn may well wonder whether she may not yet manage to share top honors on the salary stage with Mr. Hearst in point of hard-boiled business acumen. Meanwhile, Marlene Dietrich is probably content to give President Sloan of General Motors a good run for his money.

The race, however, appears preponderantly to the charming, whatever their manner of performance; though it may surprise many to find that Darling Shirley Temple has been getting only a measly \$69,999 a year. Figures don't lie, but whatever the context of the Congress salary report, Shirley continues first in the hearts of her countrymen.

LAW OF AVERAGES

Old-timers may reckon as how the country is slowly drying up or gradually becoming a land of perpetual rains, but the fact is, as weather bureau records have determined it, that the humidity of America remains unchanged except for yearly fluctuations which always even themselves up.

All signs fail in dry weather, but dry weather never continues to the point where it may be said the country is drier than it was formerly. Neither is there more or less rainfall over a period of years now than there was 50 years ago.

There has never been a year within the period covered by weather bureau readings when the rainfall for the entire United States was above or below normal. Relatively small areas have their record-breaking rains and historic droughts but in time these abnormal conditions balance themselves.

Records for any given area will show that a period of wet years will be followed by a number of unusually dry years, after which the pendulum will swing back again. These periods vary in length, some running as long as 11 years.

This would indicate that those states or sections which suffered from lack of rainfall during the last five years stand a good chance of having enough if not too much rain this summer. And another section which has been having too much rain may draw a dry summer in 1937.

It isn't clear what is wrong this time in the Barrymore ménage, but maybe Ariel got a look at the other profile.

Only 15 minutes to answer this one: What was the score of the Rose Bowl game?

82-Year-Old Tullytown Woman Has First Hair-Bob

who in addition to caring for the home of justice of the peace Joshua H. Cooper, here, makes quilts and pillow covers, and has raised a family of one daughter and three sons. She also has four grandchildren and one great-grandchild. The children are: Mrs. William McGowan, Morrisville; Harry

Harverson, Frankford; Edmund, of California; and Elmer, of Bristol. Her oldest grandson is 36 years of age, and her great-grandchild, Fred McGowan, Morrisville, is 15 years of age.

A great devotee of the motion pictures, Mrs. Harverson says she plans to go three times within the next week. "Yes, indeed, if you don't want me to go to the movies, don't ever stop at this gate and ask me," she said to her interviewer.

"And candy? Yes, I certainly do like candy. I can't tell you how many pounds I've eaten since Christmas," and Justice Cooper vouched for this appetite for sweets. "I like ice cream too," added Mrs. Harverson.

Blessed with splendid eyesight and hearing, this Tullytown resident is well able to pursue her favorite pastime, the "movies," and to follow her main hobby, the making of quilts and pillow-covers. At present she is engaged in making for one of her grandchildren a Yo-Yo coverlet, fashioned in checker-board squares, each with trim of a single row of peach-toned circles. "Yes, I use silk dresses or neckties which people have discarded. I can get several small circles from one necktie." To date she has made 18 pillow tops of the Yo-Yo design.

Mrs. Harverson had never had her hair bobbed until this week. "I had it cut into a bob-length, then it was washed, and I received my permanent," she proudly said. "I didn't mind it at all. The girl who gave me my wave was so nice to me, and so gentle. Everybody tells me it looks nice." And with her new permanent Mrs. Harverson more strongly believes her age. Her hair reached to her waist before it was cut this week, "but it was thin," she adds.

The localite likes modern means of travel, and looks forward someday to an airplane ride. "I'm going as soon as I have a chance," she claims. She says she keeps so busy she doesn't have time to think whether she likes the present times or the by-gone days better.

Born in Eddington, Bensalem Township, Mrs. Harverson spent a few years in Cornwells Heights, Andalusia, then returned to Eddington. Thirty-three years ago she came to Tullytown.

U. S. Consulate Bombed

Washington, Jan. 16—Struck by a high explosive aerial bomb, the United States Consulate at Malaga, Spain, has been completely wrecked, the State Department was informed today.

In a cable dispatch from Consul Herbert O. Williams, at Gibraltar, it disclosed destruction of the American property. As far as is known no one was injured. The Consulate was deserted at the time, having been officially closed by the American government on September 29.

Malaga is in the hands of the Loyalist government forces, and it was assumed here that the wreckage was caused by rebel planes.

THERE ARE Sails and Sales!

A FRIEND of ours is the wife of a seafaring man. She knows what "charting a course" means. She believes in it.

Her charts are the advertising pages of this paper. Before she starts a shopping trip, she plots her course. Here's a bargain in canned goods. There's a good buy in kitchen utensils. Here's a sale of shoes. Thus the fog of haphazard shopping lifts, and the course is clear. Time is saved. Energy is saved. Money is saved.

"Certainly," she tells us, "I would no sooner start on a shopping tour without having read the advertisements than my husband would try to navigate without his charts and compass."

* * *

Even if you have never set foot aboard a ship, you can chart your shopping course. Read the advertisements on these pages every day. Follow them as a mariner follows the weather report and see how much simpler and easier shopping becomes. Remember, an advertised product is a reliable product—it has to be!

Musical Contest And Fine Address Enjoyed

HULMEVILLE, Jan. 16.—A splendid musical program and an inspiring address featured the January rally of Bristol Group of Epworth Leagues, when the bi-monthly meeting was conducted in Neshaminy M. E. Church, here, last evening.

The speaker was the Rev. Francis Thomas, pastor of Yardley M. E. Church; and the instrumental numbers were presented in a contest, when leagues vied for the "stunt" banner.

Bristol League won honors in the musical contest, a saxophone solo being presented by Harold Coon. Others giving selections were: Piano solo, Miss Clara L. Illick, Hulmeville; guitar and harmonica played simultaneously by James Salt, Newtown; piano solo, Miss Hannah Warford, New Hope; piano solo, Mrs. Edward Hillborn, Emille; piano selection, Miss Hilda VanArtsdalen, Yardley; string instrument duet, members of Scottsville League.

In the absence of Ernest Keyser, president of the Group, a past president, Thomas Chase, had charge of the meeting. Prayer was offered by the Rev. T. William Smith, pastor of the hostess church. During the business

meeting invitations were accepted to meet at Scottsville in March, and at Trevese in May. The Rev. J. Horace Barnes, Jr., pastor of Scottsville Church, reported on the week of special devotional services conducted recently by the Epworth Leagues.

The Rev. Thomas based his address on the motto of the Epworth League, "Look Up, Lift Up," and quoted the following Scriptural passages at the outset of his address: "In the morning will I direct my prayer unto Thee, and will look up"; and "Wherefore lift up the hands which hang down!"

"This dual purpose is always the expression of a Christian life," stated the speaker. "And the first without the second is monasticism. And to lift up is merely social service. . . . But to look up into the face of God, and then to lift up those who need our aid and spiritual understanding is a combination which makes for complete happiness."

The need of full expression of self in the finest manner was impressed upon the young people, who were advised of the need of Christian discipline. The individual meaning of the League motto and also the wider meaning were gone into by the Yardley pastor, who added "Upon this Christian correlation Christ rests his cause."

The Epworth League was referred to as a training ground, a drill ground, of the church. "The League is the training ground of the young men and young women who will take over the work for the advancement of the Kingdom of God. . . . Young men and young women, the year is young, and you are young. But the years will soon pass, and so will you. Hang this motto in the living-quarters of your mind. Make these two issues of the Christian faith real and vital in your life. Then you can bear the hardships that are yours to bear. You can stand before the Throne of Grace with exceeding joy."

Banners for percentage of membership present, and largest number in attendance, were awarded respectively to Scottsville and Yardley Leagues. Refreshments were served to over 200 in the Sunday School room by the local Leagues.

BRISTOL BOYS ROMP TO EASY VICTORY
OVER BENSLEM; SCORE, 41 TO 11;
GIRLS LOSE IN CLOSE BATTLE

By Louis Tomlinson
BENSLEM, Jan. 16—Led by Punk Zefferi with 16 points, Bristol romped to an easy victory over an inexperienced Benslem Owl team on the latter's court last night, by a score of 41-11.

The Bunnies had eagle-eyes last night in sticking field goals from every angle of the court and making most of their attempts from the floor as well as the foul line count, to roll up the highest score of the season so far at the Owl's expense. Every man on the team except Gusti Carnvale tallied at least one point or more and it was mostly more. Probably the greatest improvement of the Cardinals lies in their excellent foul shooting. Out of ten attempts at the 15-foot line, the Bunnies "hit the cords" seven times for a 700 percentage for the night. On the other hand, Benslem fared poorly at the foul line. They could only score three out of nine tries from the free mark.

Bristol got off to a flying start by rolling up no less than 18 points before Benslem could find the range for a solitary point. This was a big handicap to the losers and at such a disadvantage it greatly upset the inexperienced quintet who tried all kinds of shots to bring the lead down but to no avail as they were mostly wide of the mark. With such a large lead at the end of the first period, Bristol coasted "in" to an easy victory.

Field goals were the main feature of the first quarter with the Bunnies ringing up six of them, added to four fouls for a total of sixteen for the opening period. After Zefferi shot two foul goals, Carnvale and Huffnell sank a duo of double-deckers with Hughes and Zefferi scoring one each. Hughes and Carnvale each added a foul goal in between to mount the first quarter score to 16-0.

Coach sent the second team in during the whole second period. And they proceeded to pile up the lead with seven tallies. VanZant shot a field goal from the side to make the score 18-0, then Wilk hit the net for two points for Benslem for their first points of the fray. Gallagher sank a free toss and when Lange stuck a twin-pointer from the side it brought Benslem to within 15 points of the Bunnies' lead which was the closest they came to it all evening. VanLenten grabbed the ball from a scrimmage to score from beneath the net and Jesse VanZant added another, dribbling in to score below the net. A foul by MacKenzie gave the Owls their fifth point of the period. The quarter ended with the Cardinal and Gray boys holding a 23-5 edge.

The six Bristol points in the third period were all field goals by big Danny DiMidio who finally found his eye for the basket in this canto. Carson and MacKenzie each found the range for a field goal, with Malone and Carson tallying a foul shot to make the score 29-11 at the start of the last period.

Benslem was again held scoreless in the final chapter while the Cardinals rang up 12 points. Punk Zefferi started things moving with a neat twin-pointer over the lip of the cords. Tom Profy then came to the fore to add his single point to the score by counting a foul throw. Zefferi followed up with another field goal, then Phil Carnvale scored on a long pass from Zefferi. Charlie Hughes added a foul to the score and after missing a foul toss, Zefferi counted beneath the net on a follow-up. With the score 39-11 Hughes intercepted a pass and dribbled in to tally easily for the final points of the game as the whistle blew a few seconds later. Final score, 41-11, Bristol.

The leading scorers of the game were Punk Zefferi with four field and two foul goals for 16 points. He was closely followed by Phil Carnvale with three field and a foul goal, then came Charlie Hughes and Danny DiMidio with six points each, and Huffnell and VanSant both with four points. MacKenzie and Carson, each with a field and a foul goal, led the losers with three points.

The girls lost a last minute game to the Benslem girls by the close score of 15-14. With less than a minute to play Bristol trailed 13-12 but Peggy Phipps sank a double-decker to put the red and grey girls ahead, 14-13. The lead was short-lived, however, as Benslem came back immediately to score a duplicate goal to take the lead, 15-14. They managed to hold on to this slim margin for the last 30 seconds of the game, and thus were the winners, 15-14.

BRISTOL HOCKEY TEAM
TO PLAY AT JERSEY CITY

Tomorrow night the Bristol hockey team will journey to Jersey City to meet the Greyhound Roller Club, a team with a foundation of ten years experience. It is said that this team is the top-notch team of the country.

This gives the Greyhounds a great handicap over the Bristol Recreation boys with but one hard-fought game which ended in defeat for Bristol. Although this fact faces the hometown boys, they still have confidence.

The return of one of last year's team in Francis O'Boyle, Jr., will greatly strengthen the team. The probable starting line-up will be the same on Saturday and also Sunday night when they meet the Burlington club at the Bristol Recreation Center.

The line-up will be as follows: Center, M. Hutchinson; goalie, L. S. McCoy, Jr.; right wing, B. Ritter; left wing, G. Ritter; right defense, F. J. O'Boyle, Jr.; left defense, F. Goslin.

They also have a fine list of reserves to depend upon, including S. Leeper, E. Jeffries, and R. Strong.
